Friendly, relaxed and informal half day painting workshop in my studio with a view. I keep the group small, maximum of 4 to ensure I spend one to one time with each person giving tailored help and guidance.

During the workshop we will paint with acrylic paints and I'll cover all the essentials to get your started:

- the paints and how to prepare, mix and use them
- basic colour mixing
- brushwork and the different effects we can get with acrylics
- hacks to keep the cost down re materials and the paints themselves

You'll have a go at painting something of your choice on slate or canvas and all materials and tuition are included along with bottomless tea, coffee and biscuits.
