Ditch those boxes of (expensive) pre mixed colours and learn the art of mixing beautiful shades from 8 basic colours.

From vibrant violets to earthy browns we will use our mixing practice to paint a beautiful, sunny wildflower meadow.

All materials and tuition are included along with bottomless tea, coffee and biscuits.

With a maximum of 4 to a group we can spend one to one time getting your mixing spot on.

Bring a packed lunch and paint the day away in my cosy studio with a view.

You may also find bringing a notebook helpful so you can jot down the colours and ratios of all your lovely mixes.
